

- Having received no further correspondence in this application, applicant's agent submitted a letter requesting status information on 27 October, 2003.
- On 5 November, 2003, a response to the status letter was received by facsimile from Mr. Larry Schwartz of the Customer Service Center for Technology Center 3700. This response indicated that the application was abandoned for failure to respond to an Office Action as of 29 January 2001. A copy of the facsimile message from Mr. Schwartz is attached as exhibit B.
- Raytheon Company employs a disciplined docketing system in which all incoming correspondence is logged in our docketing database. This system has been used for the prosecution of literally thousands of U.S. Patents. A copy of the docketing log for this application, showing no correspondence received between 14 January 2000 and 5 November 2003, is enclosed as exhibit C.
- On 7 November 2003, applicant's agent transmitted a facsimile letter requesting copies of the Notice of Abandonment and the Office Action of June 30, 2000.
- On 14 November 2003, Mr. Schwartz sent the Notice of Abandonment dated 30 January, 2001, and the Office Action of 30 June, 2000. Copies of the facsimile cover sheet, the Notice of Abandonment, and the cover sheet from the Office Action are enclosed as exhibit D. Note that both correspondences were addressed as follows:

RAYTHEON COMPANY
Bldg C01
MS A126
P.O. Box 80028
Los Angeles CA 90080-0028

The above address is for a facility that Raytheon had not occupied for many months at the time these correspondences were mailed. Apparently, mail was no longer forwarded from this address to the new address, and the two correspondences were never received.

An amendment in response to the Office Letter of 30 June 2000 is enclosed.

Applicant holds that the entire delay in filing the required reply from the due date for the reply until the filing of the present petition was unavoidable. Thus revival of the application, continued examination, allowance and prompt passage to issue are respectfully requested.

Respectfully submitted,
David M. Creighton
